

Tech Safety Resources Evaluation

1. How well did this material help you learn in each of the following areas?

	We didn't cover this topic	Very Little				A Lot
		1	2	3	4	5
How to identify tech abuse						
Steps to take (changing passwords, logging out, GPS, when there are children)						
Tech safety links (how to delete history, privacy settings, free email)						
How to manage communication with an abusive person (text, email, etc.)						
Potential dangers with smart home technology (Siri, Alexis, security, etc.)						
Spyware: what it is, what to do about it						
Collecting evidence of tech abuse						

2. What did you find the most useful?

3. What would you have done differently?

4. Do you have any other suggestions or comments?

Thank you for your feedback!
